QUALITY FOR LIFE

Avantgarde InfiniT

My InfiniT. My colours.

Avantgarde InfiniT

New (Colour) Sensations

The Avantgarde InfiniT's extremely expressive colours make it particularly captivating. The steering wheel forks, driving wheel hubs and rims are optionally lacquered with **Sparkle Bright Orange, Candy Red** or **Dormant Sky Blue**. In combination with an exclusive colour spectrum for the frame, these expressive colour tones give your new active

wheelchair a very special look. As a result of its extremely strong aluminium frame with double cross brace, the InfiniT is particularly stable. It has, for example, ultralight wheels with quick-release axles, a precisely adjustable centre of gravity and also an adaptable back covering as standard equipment.

Your Chic Active Wheelchair

State-of-the-art Design in Attractive Colours

The frame's subtle colour tones provide just the right contrast to accentuate the vibrant colours of the steering wheel forks and drive wheels to the greatest possible extent. You can choose between Brilliant Silver, lustrous or matt Deep Black, Anthracite Metallic,

Sparkling Silver or the current trend colour White Pearl. And those who like things really noble will be delighted with the uncoated, highly polished frame.

Ensure That You Make a Lasting Impression!

Show Your Colours – with your Avantgarde InfiniT!

Driving Pleasure for Active Wheelchair Users

Quality on wheels: The “Infinity” ultralight drive wheels greatly increase the pleasure of driving. The position of the drive wheels can be precisely adjusted with the versatile adaptor. The designer steering wheels with appropriate steering wheel forks provide exact handling. And the optional shock absorber system reliably cushions impacts when driving on uneven surfaces.

Adidas® rucksack

Comfortable storage space: You receive a **free** Adidas® rucksack with your purchase of an Avantgarde InfiniT.

Enjoy Your Mobility to the Fullest!

Light, Manoeuvrable and Individual: The Avantgarde InfiT

The special model InfiT is distinguished by its striking design, its manageable loading dimensions and its extremely good manoeuvrability. A great number of extras provide

optimum fitting – the modular design complies with your individual wishes. Design your InfiT according to your own taste and put colour in your life!
