

Otto Bock®

QUALITY FOR LIFE

Start^{M5} Comfort Activity!

A sound and solid basis. Tuning up the chair for action and mobility follows. The StartM5 Comfort stands out for the mobility provided by its virtually unlimited model configuration possibilities. The center of gravity of the StartM5 Comfort is variably adjustable. In this way, the chair's light weight can accommodate active as well as more passive user demands. Start M5 Comfort – the best of all worlds.
